

BIMBA IS ELECTRIC

MORE MOTOR OPTIONS. SAME GREAT PERFORMANCE.

For your most demanding applications, there's only one choice for unparalleled control, enhanced flexibility and universal fit—Original Line Electric (OLE). Bimba's first ever rod-type electric actuator is designed to fit any motor, order a complete OLE system with motor and driver, or use your own brand and type. The choice is yours. Just like Bimba's trusted Original Line® pneumatic cylinders, OLE actuators deliver the same quality, durability, delivery and cost-effective efficiency you've come to expect. [To see the OLE in action, visit **bimba.com/ole**](http://bimba.com/ole)
